Database-to-Database Synchronization
Interoperability Specification, Version 1.2.0

ERRATUM

Submitted: March 7, 2013

On January 7, 2013, the Whitespace Database Administrators Group submitted for the record[1] the *Database-to-Database Synchronization Interoperability Specification, Version 1.2.0.*   This Erratum corrects the document as indicated below:

1.   On page 9, the second paragraph, beginning with "The RegistrationRecordEnsemble must be sent as a CDATA string", is deleted.

2.   On page 9, in the fifth paragraph, beginning with "As a simplification and convenience", the last sentence is corrected by removing all text beginning with "and treating it as a CDATA blob" to the end of the sentence.
